## PRINTERS AND MONITORS

Following is a list of the printers and monitors currently supported by WordStar. See README for any printer and monitor information that may have been received too late to be included in this list.

### LIST OF PRINTERS

The following list includes all printers that appear on the Printer Selection Menu. For additional information on how your printer works with WordStar, refer to the Printer Information screen when you install your printer.

The Inset® column contains the name of the Inset driver. If you use Inset, be sure this driver is on your Program disk.
